

BUILDING SERVICES LTD

ROOF RENEWAL

Details

Project: 137 Ranelagh Road **Start:** March 2021 **Value:** £22,000
Employer: Newham Council **Completion:** April 2021

Project Details

KBH Building Services Ltd were awarded this project following tender submission. We initially carried out an Asbestos Survey to which Asbestos was identified. This was removed by our approved Asbestos Removal contractor. A Waste Consignment note, and Air Test Certificate were issued to Newham Council. Scaffolding was erected, and a temporary roof was installed to ensure that there was no water ingress to the property. We installed new felt batten and a slate finish. We worked alongside building control and this roof was signed off by building control upon completion.
